***Response to Amendment***

1. Applicant's amendment of June 8, 2004 is acknowledged and entered.
2. Applicant's arguments have been considered but are moot in view of the new ground(s) of rejection.
3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

***Claim Rejections - 35 USC § 102***

4. Claims 1-3, 8, 10, and 11 are rejected under 35 U.S.C. 102(b) as being anticipated by Watanabe et al.

Watanabe et al. shows an atomizer comprising a housing, the housing having three inlets, three channels each including a nozzle in communication respectively with the inlets, the inlets comprising a fluid receiving first inlet, a fluid receiving second inlet, a liquid receiving third inlet, one of the channels being an inner channel, the inner channel associated with the third inlet and being uniform in diameter, and the one of the nozzles associated with the inner channel extending outwardly of the housing beyond the other two of the nozzles (see Figure 4 attached herein). Watanabe et al. also shows an angular swirling member 416 coaxially disposed in the housing with respect to the second nozzle as recited in claim 11.

***Claim Rejections - 35 USC § 103***

5. Claims 4-7 and 9 are rejected under 35 U.S.C. 103(a) as being unpatentable over Watanabe et al.

Art Unit: 3752

Regarding claims 4-7 and 9, it has been held that a recitation respect to the manner in which a claimed apparatus is intended to be employed does not differentiate the claimed apparatus from a prior art apparatus satisfying the claimed structural limitations.

***Allowable Subject Matter***

6. Claim 12 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

7. Claim 19 is allowed.

***Conclusion***

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
